

PICKLEBALL

FOR HEROES

SEPTEMBER 2-4, 2016

The Apex Park and Recreation District is proud to partner with Operation TBI Freedom, a program of Craig Hospital, in the 2nd Annual Pickleball for Heroes tournament benefiting Colorado veterans with brain injuries. High-level pickleball champions and novice players alike will compete in the tournament. More than 250 players and hundreds of spectators are expected to attend, creating a prime opportunity to market your company and show your support for those who served.

Operation TBI Freedom is a 100% privately-funded organization and is sponsored by Craig Hospital, a 501(c)(3) organization. OTF services more than 350 Veterans and their families annually. The certified brain injury specialists and trained Veteran staff of OTF provide crisis counseling/management, suicide prevention, employment, volunteer and education assistance, emergency funding/food, mental and medical health referrals/support, adaptive equipment, outdoor recreation/therapy, and a variety of psychosocial educational programming, including financial management and parenting classes.
