

Family Night

A Great Way to Volunteer, Get Involved, and Give Back!

On Family Night, families and patients are invited to a monthly volunteer prepared family-style meal. This gathering serves as a “night out” where patients and their families eat and socialize with one another. Family Night provides a much needed opportunity for Craig patients and their families to relax and interact with other families staying in Craig Hospital’s Patient and Family Housing Apartments.

Who can help with Family Night?

Family Night is run by volunteers. Corporate teams, Service organizations, or a group of close friends are a great fit for this volunteer opportunity. Anyone 18 years of age or older may volunteer for Family Night. The Craig Hospital Foundation recommends that your group consists of 4 to 8 individuals.

When does Family Night occur?

Family Night occurs Monday-Thursday. Contact us for available dates. Volunteers are expected to arrive at Craig’s Patient and Family Housing Apartments at 4:30 p.m. to prepare their meal and setup. Dinner will be served at 6:00 p.m. Volunteers will be done by 8:00 p.m.

What does helping with Family Night entail?

Family Night volunteers are asked to purchase **food items to accommodate approximately 60 guests** before coming to Craig Hospital to cook dinner. Family Night volunteers are encouraged to have their corporation or service organization cover the cost of Family Night or to split the cost among the volunteer group. Family Night volunteers are asked to arrive at Craig Hospital’s Patient and Family Housing Apartments with their food items on their assigned day. Craig Hospital Patient and Family Housing will provide a fully equipped kitchen, gas grill, cookware, tableware and serving utensils for Family Night dinner. **Volunteers are encouraged to bring decorations or to pick a theme for their Family Night.**
