

Description of Craig Internship Program

Therapeutic Recreation

The Therapeutic Recreation internship consists of 600 hours (minimum) over a 15 week period supervised by two Certified Therapeutic Recreation Specialists. We are unable to accept an intern who will graduate prior to completion of the internship. We recommend students to not have other obligations (job, courses, etc.) during his/her internship.

The requirements a student will be expected to accomplish during the internship includes the following:

- Patient Load
- Client assessments, progress notes and discharge summaries
- Attending team rounds and patient conferences
- Integral part of treatment team
- Responsible for observing and facilitating leisure education
- Leading of both group and individual activities as they relate to program components
- Planning, organizing and leading a major project
- Planning a monthly schedule
- Familiarization with budgetary and funding process
- Involvement in community programs; i.e. outings and community projects
- Become familiar with resources and adaptations as they apply to all program components

If accepted for the internship at Craig Hospital. The following will be required before your start date:

1. Verification that student is enrolled in program at school
2. Liability coverage through school
3. Proof of personal medical insurance as in-state student, otherwise coverage will be provided by Craig Hospital
4. Worker's compensation through school
5. Evidence of a completed varicella
6. Evidence of a completed MMR series or positive Rubella titer
7. Evidence of current negative PPD or negative chest x-ray
8. Negative State, Federal, and Oig background check
9. CPR certification from the American Heart Association is required
10. Evidence of a 9 panel negative drug screen

Initially, there is an orientation period of approximately one week. The intern receives extensive experience with Spinal Cord Injury and Traumatic Brain Injury diagnosis.
