Research Participants Wanted

Has spinal cord injury/disorder impacted your approach to menstrual & contraceptive care?

My name is Nicole Sharf, and I am conducting a research study to fulfill the requirements for a doctoral degree in clinical psychology at The Chicago School.

The **purpose** of this study is to understand the experiences of women with spinal cord injury/disorders (SCI/D) in navigating their sexual and reproductive healthcare post-SCI/D, with an emphasis on menstrual and contraceptive care.

Participants will be asked to:

- Complete a 15–20 minute online survey and/or participate in a 45–60 minute one-on-one Zoom interview with the primary investigator (interviews will be audio-recorded and deleted immediately following transcription).

Are you eligible?

- I am over 18 years old.
- I identify as a cisgender woman.
- I have been living with SCI/D for more than 3 months.
- I experienced at least one menstrual cycle following SCI/D.
- I am not currently hospitalized or in rehabilitation facility.
- I live in the United States.
- I can read, write, and converse in English.
- I have access to the internet.

Compensation: Participants will have the option to enter a raffle to win one of ten \$15 gift cards for survey completion or one of three \$50 gift cards for interview participation.
